Almost Maine, a great success!!

We all really enjoyed this year’s magnificent play. The romantic comedy directed by Mrs. De la Paz made all of us laugh and almost cry. The play, written by John Carriani included seven sketches detailing the lives of 7 different couples who were impacted by love-- some at the end of love’s journey, and some surprised at its arrival. The cast and crew did a wonderful job with the help of Ms Omapas, Mr Stultz and Mr Carreño.

CAREER DAY

Our first Career Day will start at 12 pm on May 24th. On that day, students from 10th and 11th grade will be able to attend different sessions where a group of professionals will tell the students about their education and careers. Students need to sign up in advance.

Drama students to attend classic theater

To celebrate the recent completion of our drama unit focussed on Shakespeare's Macbeth, Mrs. de la Paz's 10th grade literature students will be attending a performance of Tartuffe, by Moliere. The performance will be put on by an English speaking acting troupe called the Madrid Players. The play, although originally in French, has been translated by screenwriter Richard Wilbur. The troupe will be performing Wilbur's translation, as it is considered the gold standard for the translation of this play to English.

PROM

On May 24th our Senior students will celebrate AAS's second prom in Madrid. Students from 11th grade and teachers will also attend this event at the Jai Alai restaurant, which will include a cocktail dinner and dance
