AAS BOARDING PROGRAM

Aquinas American School is an overseas American boarding school which provides a demanding college-preparatory High School education to students from around the world.

Our environment, program offering, and pedagogy philosophy offer students an exceptional preparation for post-secondary studies following their graduation. AAS graduates go on to study at some of the top colleges in North America, Europe, and the rest of the world.

Our long-term teaching faculty collaborate closely with our residence team to create a comfortable environment where each student can feel personally cared for and academically challenged.

The boarding facilities and school are located in one of the most beautiful and safe neighborhoods of the Madrid suburbs, Pozuelo de Alarcón. We are surrounded by nature and our neighborhood offers a uniquely beautiful setting for our students.

All students are housed in the school dormitory in double rooms with en suite bathrooms. Our boarding facilities provide various common areas, including a gym, pool, soccer field, extensive green areas, TV rooms, library and a cafeteria.
